the Economics of Happiness

A film by Helena Norberg-Hodge, Steven Gorelick & John Page

the Economics of Happiness

An ISEC  Production

Voices from six continents, including:

Bill McKibben, Vandana Shiva, David Korten & Michael Shuman

'Going local' is a powerful strategy to help repair our fractured world – our ecosystems, our societies and our selves. Far from the old institutions of power, people are starting to forge a very different future...'
