

Vegetable Gardening Learning Circle

Date: Saturday, May 18th

Time: 1:30 pm to 3:30pm

Place: Truro Farmers Market

Free will offering

Everyone is invited to come, listen, ask questions, and to share their own knowledge.

Workshop Discussion:

Extending the growing season
Cover crops as green manure
Building garden beds
Straw-bale gardening

Two expert gardeners, **Stephen Sharpe** and **Gary Saunders**, will start the conversation by sharing techniques for greenhouses and row covers, and demonstrate the value of cover crops.

The Learning Circle is based on the idea that knowledge needed to build strong, resilient communities can be found in our own community and in our experiences, in the practices of old, and in today's innovative thinking.
